IV. Office Update

As mentioned in a previously e-mail the search for the new CACVT Executive Director is completed!

CACVT is lucky to have two paid staff. We are the only Technician Association in the country to have this support. Please help CACVT welcome our new Executive Director, Wendy Grillo, BA, CAE. Wendy is a Certified Association Executive with over 12 + years of experience in the leadership of non-profit membership associations. Like us, she has taken classes in the best practices in Association Management, sat for and passed a certification exam, and continues to obtain 30 CE's to maintain her certification.

Her background includes being a Convention Director, she has experience in data base management, association marketing and has managed budgets and finances.

Wendy has also been successful in growing the operating revenue in associations and enjoys collaborating with the Board of Directors, Committees, Members and Sponsors.

Her experience with similar associations will be a benefit to CACVT.

Her desire to use her Association skills to further the success of an organization she believes in is what attracted her to CACVT.

Wendy recognizes the current strength in our Association and the potential for a bright future.

Thank you very much for your continued interest in the association. CACVT is your professional organization, about you and for you.

Wishing you a wonderful and prosperous New Year!
